We are very pleased with the support that has been given to the Mexican Chapter. During 2018 we were able to increase our number of members and established great communication with all of them, this allowed the Chapter to build together the agenda for monthly meetings, allowing our members to have within reach the information and training they need. We believe that the ISPOR Organization could boost the Mexican Chapter to become the venue of educational events with the participation of international members. Also provide support to publish research papers during the annual sessions.
