

ISPOR Shanghai Chapter 2nd Symposium

The second seminar of Shanghai Chapter was held on May 26, 2007. Totally over 20 Chapter members participated in the academic communication and discussion, including 10 officials from the departments of pricing management, medical insurance, and public health in Shanghai, Zhejiang and Jiangsu provinces. During the seminar, Prof. Shanlian Hu introduced the progress of PE research and application. Dr. Ansgar Hebborn, the Global Head of Roche Economic Value Strategy, was invited to introduce the use of pharmacoeconomics in Europe. Prof. Wen Chen discussed the progress and key issues in China health system reform. All participants expressed the concern on the application of PE in decision making and the progress of health sector reform.

The expected voting of the chairman of Shanghai Chapter cannot be conducted because of the absence of many Chapter members. It will be delayed to next seminar which would be held in the second half of the year.
