Chapter’s accomplishments in 2016 with regard to membership recruitment, retention, and engagement

Chapter’s accomplishments in 2016 with regard to education and training

Chapter’s accomplishments in 2016 with regard to research:

Working with different colleagues to validate EQ5D quality of life measure in Saudi Arabia. This project is very essential for progress of Pharmacoeconomics & Outcomes Research in our country.

Chapter’s accomplishments in 2016 with regard to policy-related activities:

A national working group to develop Drug Submission Guidelines was formed. The working group has started with a full day workshop with participation of three national experts. The working group effort to develop the guidelines and submit it to relevant decision-makers is has continued in 2016 and will hopefully be completed in 2017.
Saudi Arabia Regional Chapter Annual Report - 2016

Chapter’s accomplishments with regard to Chapter meetings, workshops, or conferences

The chapter has participated in the Drug Submission Guidelines workshop in March 2016 with participation of Prof. Mike Drummon, Prof. Dan Mullins and Prof. Don. In addition, we have participated in a Pharmacy conference in Riyadh in March 2016, Real World Symposium in Dubai, ISPOR Arabic Network Forum on Washington DC ISPOR Annual Meeting as well as the International Forum for Quality Cancer Care in October 2016.

Participation in educational conferences and workshops related to HTA.

Committees or special interest groups

No

Registered with regional authorities

Chapter’s main goals for 2017

Co-organize Educational Workshop on HTA use in Drug Reimbursement in GCC Countries in April 2017. ISPOR Arabic Network Forum on Reimbursement of Oncology Drugs to be presented in ISPOR 2017 Annual Meeting to be held in Boston. Participate in Pharmacoeconomic Educational Workshop to be held in Riyadh on February 2017. Participate in the completion of Saudi Arabia Drug Submission Guidelines to be submitted to relevant national authorities.

3 challenges the Chapter is facing at the start of 2017

1. Need to have the national guidelines for drug submission approved by relevant national authorities.
2. Need to validate relevant health related quality of life instruments in a timely manner.
3. Lack of established framework for accessing real world evidence in our country.

Prepared this report

Dr. Abdulaziz Al-Saggabi, President ISPOR Saudi Arabia Chapter & Director, Drug Policy & Economics Center.
