Step 5: Click Join to watch the live session.

Note: The join button will be dimmed prior to the start of the session. The join button will illuminate 15 minutes before the session start time. You will be put in a waiting room until the session starts (or within a few minutes after.)

Amid the global COVID-19 outbreak, many countries are trying to provide equitable, good quality, and cost-effective healthcare services. Value-based health care (VBHC), which aims to improve healthcare services by increasing outcomes with lowered costs, bas been in the spotlight against volume-based healthcare delivery systems such as fee-for-service payment models. The Asia Pacific region is no exception in this global trend of VBHC and the concept of VBHC is rapidly spreading and various demonstrations (e.g., value-based payment, value-based pricing, or value-based procurement, etc.) are being undertaken and more discussion to adopt this value-based approach is underway. There has been divergent operation of VBHC across the Asia Pacific region such as the VBHC arrangements limited to specific technologies (e.g., pharmaceuticals, medical devices, and diagnostics) or comprehensive healthcare delivery transformation to embrace VBHC throughout the healthcare system. In addition, there are some countries that still focus on volume-based payment rather than value as their main theme in payment models. This session will address the snapshot of VBHC operation across the Asia Pacific region and discuss about the health policy aligned with VBHC in the areas of reimbursement, pricing, and payment models, as well as

Best Practice Tips

- Bookmark the **Virtual ISPOR Asia Pacific Summit 2022 platform** within your web browser for quick access.

- You can access the virtual platform beginning on **16 September at 9:00 KST**. Log in early to confirm your access and start planning your Summit schedule.

- Just above the program agenda, you will find a note displaying the time zone in which you are viewing the program. Feel free to use the "Change" link to adjust the program to your preferred time zone.

Need Help?
Review the guides under the **Get Assistance** menu tab or use the **Live Chat** to connect with a staff member.

Participating in a Session

- The session will begin in *listen only mode*. Attendees cannot unmute themselves to talk.

- Use the Q&A button in your Zoom control panel to ask a question. You can comment on and upvote questions from your colleagues within the Q&A.

- Use the chat feature to network and connect with other attendees.
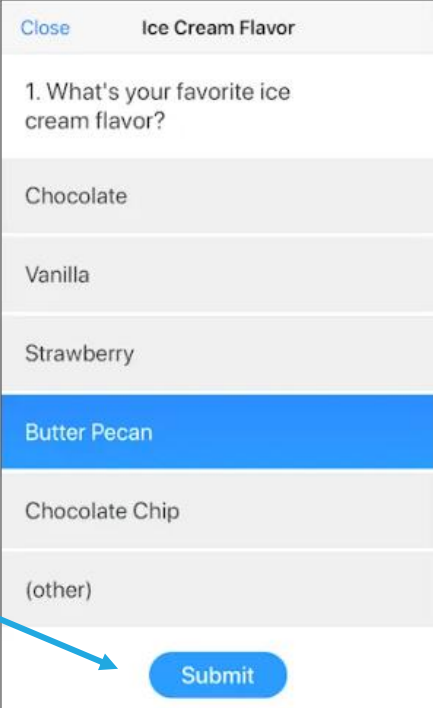

Participating in Interactive Polling

Some sessions may use polling to engage the audience. These polls will appear within the viewing window of the live session.

- Simply read the question and select your response.
- Click Submit to save your response.

Technical Support

What Technology is Needed to Watch Live Sessions?

- A computer with:

  - a hard line (wired ethernet) to the internet *(preferred for best quality)*

  - Zoom software downloaded *(refer to next page)*

  - Speakers

  - a built in Microphone, USB microphone, or an inline microphone on headphones.

    - Note: if you do not have a microphone hook up, we suggest using the dial-in number option to ensure better sound quality

**Reminder!** The sessions, within the virtual platform, are broadcast with **Zoom**.

Pro Tip

Use a head set with built in microphone

Downloading Zoom

ISPOR uses the **ZOOM Webinar platform** for virtual sessions.

NEW to Zoom Meetings?	
No Problem	Download this link

http://zoom.us/test

Unsure if you have Zoom already on your computer? That's OK. Go ahead and click the link above to open a Zoom test. If you have Zoom already, your computer will simply upgrade to the latest version and if you're new, Zoom will be added to your computer.

Testing Your Audio & Video

- Test your speakers and microphone to ensure your audio is working correctly with Zoom.
  - **Prerequisite:** To test the audio you must have Zoom installed on your computer.
  - NOTE: There are two ways to join meeting audio, joining via computer or joining via telephone. **ISPOR recommends joining by computer**

- On Windows or Mac:
  - **Testing your audio before a meeting**
    1. Log in to Zoom
    2. On the first screen, select **Test speaker and microphone**.

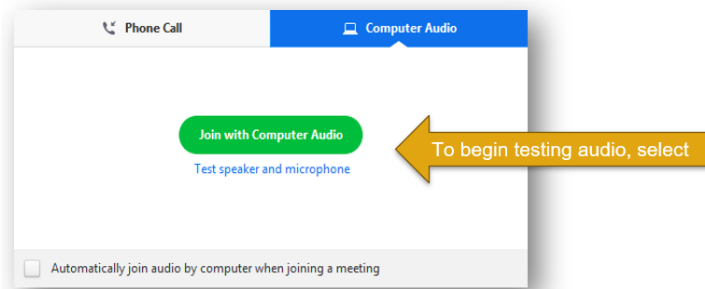

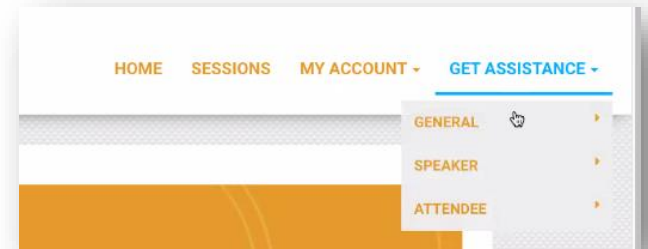

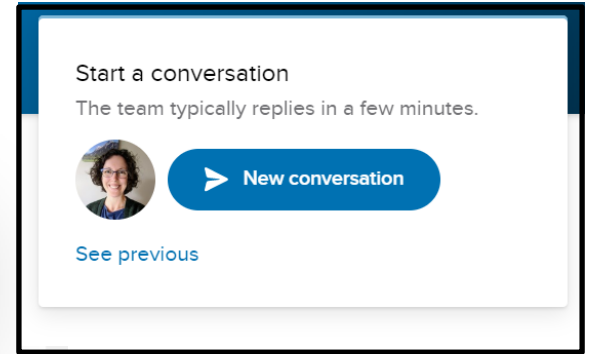

The meeting will display a pop-up window to test your speakers. If you don't hear the ringtone, use the drop-down menu or click No to switch speakers until you hear the ringtone. Click Yes to continue to the microphone test.
