Find Your Session:

- Click the session you wish to watch

Assessing the Value of Point-of-Care Diagnostics: Economic Analyses and Appraisals
View description
Wait for the Webinar to Begin:

- The join button will be dimmed when the webinar has not yet started.
- The page will automatically refresh every 15 seconds and the button will illuminate once ready (at the session start time or within a few minutes after).
How to Participate in a Session:

- The webinar will begin in “Listen Only Mode”
- The Chat feature will be enabled for attendee-to-attendee interaction
- Look for the Q&A button in your Zoom control panel to ask panelists a question
- You can comment on and upvote questions from your colleagues in the Q&A
On Demand for Virtual ISPOR Europe 2020:

- Nearly 50 sessions will be available On Demand before the start of the live virtual conference. New sessions being released weekly. Check them out here.
- All live sessions will be recorded and will become available at the end of day and can be accessed following the same steps as joining a session.
- Registrants will be able to access all recordings through 31 December 2020.
Live Networking Sessions:

- Check the program for our daily Virtual Social Hours and Group Discussions with industry professionals.
- Group Discussions – lively discussion groups that meet during the live conference to review previously recorded, on demand-only content.
- Social Hours – meet and chat ISPOR leaders during our nightly social hours.
Networking and Chat:

- Check out our release of our newest module on our virtual platform, Networking and Chat.
- Connect right now with your fellow Virtual ISPOR Europe 2020 attendees. Leave them messages or connect with them in real time using our text chat, join a group chat to meet with small groups of like-minded individuals, or start a video chat to get that face-to-face experience that we all look forward to at an ISPOR conference.
Networking and Chat Continued

- Click on “Networking and Chat” in our menu bar
- You will be prompted to complete your Attendee Profile the first time you enter. Update your profile and begin interacting with others.
- Please note: you must complete your profile to connect with other attendees. Any attendee that does not complete their profile will be unable to chat with other attendees.
Networking and Chat Continued:

- Find other registrants in the “Attendee Directory.” Send a Chat Request to start messaging or join a video call once your request is accepted.
- Be sure to monitor your “Pending Chat Requests” to find other attendees who want to connect with you.
- Check the Attendee Directory often (especially as we get closer to the live meeting in November) as more attendees complete their profiles and are added.
Networking and Chat: Group Chat Topics

- Browse our list of “Group Chat Topics” to join a discussion that interests you or start a Group Chat of your own! In the coming weeks, we will be adding Group Chats for each of our live and on demand sessions at the conference, so you can continue the conversation after the sessions end.
How to View Exhibitors:

• Visit the Exhibitor Tab on the Gallery page to view Virtual ISPOR Europe 2020 exhibitors.
How to View Virtual Posters:

• Visit our Posters tab to check out our submitted poster presentations
Virtual Posters Continued:

Browse Virtual Poster Presentation:
1. Categories
2. Sessions
3. Top 10% Average Review Score

Filter presentations that include live presenting author chat hours.
Network with Poster Presenters:

- Chat live with presenting authors during the scheduled chat hours.
- Contact the authors to schedule a time outside of their scheduled chat hours.
- View the Research Abstract Text.
- Share the iPoster with colleagues.
Need Help?

- Look at the bottom right to find the blue “Live Chat” widget for technical support during the live conference hours.
- We can help you with connecting to a session and if you have audio trouble.
Event Status:

- Check the “Live Status” page under the “Support” menu item. Information will be posted here that affects the entire event (for example, if there is unexpected downtime).

- The “Live Chat” widget can also be accessed from here.
thank you
