

Virtual ISPOR Europe 2020

16-19 November

Virtual ISPOR Europe 2020 is your best opportunity to interact with your peers in the HEOR community. Themed **Improving Health: Establishing Incentives and Sharing Value**, Virtual ISPOR Europe 2020 will question the fundamental conventions around value, risk, rewards, and the role of public and private sectors.

Education and Research

- What sets Sawyer filters apart? These 4 elements are why Sawyer filters are the most trusted in the world.
- Tips on staying protected from Lyme and other tick borne diseases.
- Lyme Disease infographics to print and place in your place of work.
- In partnership with The Last Well, we're on a mission to provide the entire country of Liberia with clean water by the end of 2020. Using GIS software, we are able to track dramatic health impacts. We're seeing over a 90% reduction in diarrhea within 2 weeks of intervention.
- Why Picaridin is our favorite insect repellent for the entire family.
