OBJECTIVE
 How to use this poster template...
 Simply replace this text and replace it by typing in your own text, or copy and paste your text from a Word document or a PowerPoint slide presentation.
 The text box here can hold up to 2000 characters. Try to keep text to 20 lines. Do not justify text.

METHOD
 TIPS FOR MAKING A SUCCESSFUL POSTER...
 • To make your poster look professional, use all caps for headings, avoid all caps for text.
 • Headings of more than 6 words should be in upper and lower case, not all caps. Simplify the title.
 • Try not to write whole sentences in caps or sentence to stress your point, use bold characters instead.
 • When laying out your poster, leave white space around your text. Don't overcrowd your poster.
 • Spell check and get someone else to proof-read.

RESULTS
 Importing / inserting files...
 Images such as photographs, graphs, diagrams, logos, etc. can be added to the poster. Avoid large horizontal tables as they will be difficult to read.
 To insert images, go through the menu as follows: Insert / Picture / From File... Locate the file on your computer, select and press OK. Photos ensure all images have the same aspect ratio. Other formats may cause images to get corrupted after saving. Be aware of the image size you are importing.
 Notes about graphs...
 For simple graphs use MS Excel, or create the graph directly in PowerPoint.
 Graphs created in a scientific graphing program (e.g., Sigma Plot, Prism, SPSS, etc.) should be saved as PDF or TIFF.
 The recommended font for the caption is Calibri, not smaller than 12 pt. Left aligned if it is in the left margin of the poster (graph or photo).

What's the Difference Between Poster Board Numbers and Acceptance Codes?

Poster Board numbers are assigned and printed by ISPOR. This number indicates where you should hang your poster during your session.

Presenters will receive their assigned poster board numbers approx. 2 weeks before the conference.

Acceptance codes are assigned by ISPOR in your acceptance notification emails. Presenters are **required** to print their acceptance code on the top right corner of their poster.

This helps attendees find your poster in the ISPOR Europe 2026 mobile app.

Shipping Your Poster
