

ISPOR-2019 MEGA EVENTS REPORT

1. SECOND NATIONAL CONFERENCE ON HEALTH TECHNOLOGY ASSESSMENT AND CLINICAL DATA MANAGEMENT - A GLOBAL SCENARIO

02 MARCH 2019

Department of Pharmacy Practice, Chalapathi Institute of Pharmaceutical Sciences, in association with International Society of Pharmacoeconomics and Outcomes Research (ISPOR) Amaravati Regional Chapter conducted 2nd National Conference on emerging trends in Health Technology Assessment and Clinical Data Management – A Global scenario on 2nd March 2019.

02/03/2019

The conference was inaugurated by Dr.G. Subba Rao , Principal, Guntur Medical College, Guntur, Dr. S. Kumaravelu, Major General (Retd.), Senior consultant Neurologist, Ramesh Hospitals, Guntur, Vara prasad Nagidi, Founder and CEO, Arete IT Services, Vijayawada, Dr. Devarshi Bhattacharaya, Assisat Director, Kalam Institute of Health Technology, Andhra Pradesh Medtech Zone , A.P. , Harikrishna Chand, Senior Clinical Data Analyst (Primary CDA), Hyderabad, Sandeep Kumar, Associate Manager, IQVIA, Bangalore. Sri. Y. Sujit Kumar, Secretary, Chalapathi Educatioal Society, Sri.Y.V.Anjaneyulu, President, Chalapathi Educational Society presided over the inauguration function, Prof. Rama Rao Nadendla Principal has given the welcome address. Dr. G.Subba Rao garu, Dr.S.Kumaravelu garu and Vara Prasad Nagidi garu enumerated the importance of Health Technology Assessment and Clinical Data Management and importance in the present clinical scenario. A total of 317 participants from various institutions attended the conference.

Session: I Current scenario of Health Technology Assessment in India and opportunities for health care professionals.

Speaker: Dr. Devarshi Bhattacharya, Assistant Director, Kalam Institute of Health Technology, Andhra Pradesh Medtech Zone , A.P.

Dr. Devarshi Bhattacharya explained what Health Technology Assessment is and need of HTA in the present clinical scenario. He also explained about economic evaluations in health care setting and their influence in decision making. He explained the need of HTA in the present economic condition of India where only 2-3% of total budget is spent on health. He exampled some situations where HTA involved in decision making and in the development of cost effective medicines and medical devices. He suggested students to con concentrate on systemic reviews and meta analysis, statistical analysis, health economic modeling, scientific writing and price analytics to grab opportunities in HTA.

Session II: Clinical Data Management introduction and scope

Speaker: Mr. Harikrishna Chanda, Sr. Clinical Data Analyst(Primary CDA), Hyderabad.

Mr. Harikrishna Chanda explained about various phases of clinical trials and how data will be generated from these phases. He listed top clinical research companies that are investing more money on clinical research. He explained how the data will be processed during a clinical research. He explained the advantages India have being a hub for CDM. He also scope of CDM. He explained about paper CRF data and EDC data. He enumerated the process of data flow in CDM AND Data Management Plan which is a guide o handle data during the course of the study. He elaborated about CRF annotation and E CRF and tracking of CRF in paper CRF. He also elaborated about discrepancy types and discrepancy management. He explained about SAE reconciliation and coding with the help of Med DRA. He also explained different tools used in the management of clinical data such as Oracle, Rave (Medidata) and Inform etc..

Session III: Tools in CDM

Speaker: Mr. Harikrishna Chanda, Sr. Clinical Data Analyst (Primary CDA), Hyderabad.

Mr. Harikrishna Chanda elaborated about CRF annotation and E CRF and tracking of CRF in paper CRF. He also elaborated about discrepancy types and discrepancy management. He explained about SAE reconciliation and coding with the help of Med DRA. He also explained different tools used in the management of clinical data such as Oracle, Rave (Medidata) and Inform etc..

Session IV: Hands on training on Clinical Data Management

Speaker: Mr. Sandeep Kumar, Associate Manager, IQVIA, Bangalore.

Mr. Sandeep Kumar explained about query management and discrepancy management. He demonstrated how to generate a query and how to answer a query with the help of Rave software. He explained about manual queries and automated queries. He explained about do's and don'ts in query management.

Session V: Open Forum

Guest speakers Mr. Harikrishna Chanda, Mr. Sandeep Kumar and Dr. Devarshi Bhattacharya interacted with delegates and clarify their doubts related to the career opportunities, nature of job, qualification required for the students to enter into the field. Many of the student delegates were actively interacted with panelist and clarify their doubts.

Students delegates interacted actively and also answered the questions asked by guest speakers were awarded with prizes. All the participants received certificate of participation. Students delegates were given positive feedback about the programme.

2. SECOND NATIONAL WORKSHOP ON META ANALYSIS AND SYSTEMATIC REVIEW: A PHARMACOECONOMIC PERSPECTIVE IN INDIAN SCENARIO

19/7/19 and 20/7/19

Department of Pharmacy Practice, Chalapathi Institute of Pharmaceutical Sciences, in association with International Society of Pharmacoeconomics and Outcomes Research (ISPOR) Amaravati Regional Chapter conducted 2nd National workshop on meta analysis and systematic review : A Pharmacoeconomic perspective in Indian scenario on 19/7/19 and 20/7/19.

The workshop was inaugurated by Dr. D. S. Raju Naidu, medical superintendent, Government General Hospital, Guntur, Dr. N.V.Sundharachary, Professor & Head Department of Neurology, Government General Hospital, Guntur, Dr.Venigalla Bala Bhaskar Rao Director of Anjai superspeciality hospitals, Guntur. Y. Sujit Kumar, Secretary, Chalapathi Educational Society, Sri.Y.V.Anjaneyulu, President, Chalapathi Educational Society presided over the inauguration function, Prof. Rama Rao Nadendla Principal has given the welcome address. Dr. D. S. Raju Naidu garu, Dr. N.V.Sundharachary garu and Dr.Venigalla Bala Bhaskar Rao garu enumerated the importance of meta analysis and systematic review : A Pharmacoeconomic perspective in Indian scenario. A total of 250 participants from various institutions attended the conference.

On 19/7/19 ;

Session:I Overview on systematic literature and review

Speaker: Mr.Aditya Kataria, Consultant, IQVIA – India.

Mr.Aditya kataria elaborated about the methods to collect data,critically appraise research studies, and synthesize studies that directly relate to the systematic review question.examination of clinical tests,public health interventions.He also explained regarding developing a search strategy and evidence pyramid,practice of evidence based medicine and strengths and weaknesses of various study designs and various steps involved in literature review.

Session:2 Research questions, PICOS

Speaker: Mr.Aditya Kataria, Consultant, IQVIA – India.

Mr.Aditya Kataria here in this session explained regarding the framing a research question and what are the points to be considered during framing the research question. He also explained regarding the PICO parameters like population to be selected based on the area of research question and selection of intervention accordingly and selection of standard comparator and outcome to be measured with help of an example of Diabetes mellitus

Session:3 Types of study designs

Speaker: Mr.Aditya Kataria, Consultant, IQVIA – India

Mr. Adity Kataria explained about the types of study designs and what are the steps followed in different study designs. Here he explained about the experimental and observational studies. As a part of experimental he explained about the randomised control trials and selection of different

randomised control trials for meta analysis. In case of observational studies he explained about the cohort studies, case control studies, various case reports and other studies and finally ended with evidence pyramid.

Then, Poster presentations, leaflet competitions, quiz prelims and cultural competitions were held

On 20/7/19 ;

Session:4 Search strategies

Speaker: Mr.Aditya Kataria, Consultant, IQVIA – India

Here in this session Mr.Aditya Kataria explained about the different data bases to be used to search the literature which is existing through the visual explanation of Pub-Med as one of the search strategy. He also explained regarding the different steps to be followed to evaluate the literature. He also added information on other data bases like Embase and med watch and other clinical trial sites.

Session:5 Types of Data in Literature, Data Extraction

Speaker: Mrs. Akriti Chahar Tomar, Consultant, National Health System Resource centre, Ministry of Health & family welfare, Govt. of India

Mrs.Akriti Chahar Tomar initially summarized the first day sessions and then moved on to the types of data in literature. Here she briefly explained about the discrete and continuous DATA. She also explained the data extraction with an example of cardiac stents versus sodiumnitroprusside in management of CAD attacks. She also summarized about the steps involved in research process and mainly focused on the synthesis of Data.

Session : 6 Database for literature search

Speaker: Mr.Aditya Kataria, Consultant, IQVIA – India

Mr,Aditya Kataria explained about the literature search and here he showed what are the different databases used to search literature. Here he quoted several databases as examples for literature search and mainly explained about how to search a strategy in the Pub-med and how to collect different combined search strategy articles.

Then Patient counseling, Prescription handling and quiz competitions were held.

Session : 7 (Hands on training)Meta Analysis (Revman 5.3) & Interpretation

Speaker: Mrs. Akriti Chahar Tomar, Consultant, National Health System Resource centre, Ministry of Health & family welfare, Govt. of India

Mrs.Akriti chahae Tomar carried out this session with validation of data of two articles relating to the computerised alerts to the parents of newborns which was given priorly to students as printouts with help of Rev-Man software provided by the cochranel ibrary. Here she also briefed out about the submission of protocol and data entry and Forest plot interpretation. She also added some points on Winbugs software.

Session 8: Open Forum

Guest speakers Mr. Aditya Kataria, Mrs. Akriti Chahar Tomar interacted with delegates and clarify their doubts Many of the student delegates were actively interacted with panelist and clarify their doubts.

Students delegates interacted actively and also answered the questions asked by guest speakers were awarded with prizes. All the participants received certificate of participation. Students delegates were given positive feedback about the programme.

సాంకేతికతతో ఉత్తమ ఫలితాలు

బహుమతులు పొందిన విద్యార్థిని, విద్యార్థులతో నాదెండ్ల రామారావు, ఇక్కాపేటి కన్నశైలం ఆవిష్కరణ కలారయ్యా, ఆక్స్ ఫి చౌహల్

లాం(తాడికొండ), జూలై 20. ప్రస్తుత ప్రపంచంలో సాంకేతికతను ఉపయోగించి ఉత్తమ ఫలితాలను సాధించవచ్చని ఇక్కాపేటి కన్నశైలం ఆవిష్కరణ కలారయ్యా అన్నారు. లాం చలపతి ఫార్మసీ కళాశాలలో రెండురోజుల పాటు నిర్వహించిన జాతీయ వర్క్ షాప్ లో శనివారం జరిగిన ముగింపు కార్యక్రమంలో ఆయన మాట్లాడారు. వివిధ రకాల సాఫ్ట్ వేర్ లను ఉపయోగించి అధ్యయనం లక్షణాలు, పోలిక పట్టికలు, డేటా ప్రోజెక్ట్స్, సమీక్షలను తయారు చేయవచ్చని చెప్పారు. నమోదు చేసిన డేటా ను మెటా విశ్లేషణ చేసి ఫలితాలను గ్రాఫిక్ రీగా కూడా ప్రదర్శిస్తుందన్నారు.

రెండు రోజుల పాటు జరిగిన వర్క్ షాప్ లో విద్యార్థులకు పలు విభాగాలలో పోటీలను నిర్వహించారు. విద్యార్థులకు క్విజ్, పేపర్ క్వెస్టియన్, ప్రీస్ట్రక్చర్డ్, హార్బింగ్ పోస్టర్, రీవైల్డ్ పోటీలు, సాంస్కృతిక పోటీలను నిర్వహించి విజేతలకు బహుమతులు ప్రధానం చేశారు. క్విజ్ పోటీలో చలపతి ఫార్మసీ కళాశాల విద్యార్థి అర్చనా ప్రసాద్, రీవైల్డ్ లో విజయ కాలేజ్ ఆఫ్ ఫార్మసీ కళాశాలకు చెందిన పీవీల్ చైత్ర, ప్రీస్ట్రక్చర్డ్ హార్బింగ్ పోటీలో విజయ కాలేజ్ ఆఫ్ ఫార్మసీ కళాశాలకు చెందిన సూర్య అఖిల, పేపర్ క్వెస్టియన్ లో చలపతి ఫార్మసీ కళాశాలకు చెందిన సింధుమాధురి, పోస్టర్ ప్రజెంటేషన్ పోటీలో చలపతి ఫార్మసీ కళాశాలకు చెందిన జయవల్లభ ప్రదమ్ సానాలు సాధించారు. పోటీలో గెలుపొందిన విద్యార్థులకు సెంట్రల్ కేంపస్ లో పాటు బహుమతులు ప్రధానం చేశారు. కార్యక్రమంలో ఆక్స్ ఫి చౌహల్, కళాశాల ప్రిన్సిపాల్ నాదెండ్ల రామారావు, కళాశాల అధ్యాపకులు, సిబ్బంది పాల్గొన్నారు.

భైషధ పరిశోధనలలో ఫార్మసీ నిపుణుల పాత్ర కీలకం

లాం.(తాడికొండ), న్యూస్ టుడే: జాష డాల పరిశోధనలలో ఫార్మసీ నిపుణుల పాత్ర కీలకమని గుంటూరు సమగ్ర వైద్య శాల సూపరింటెండెంట్ డాక్టర్ డీఎస్ రాజు నాయుడు తెలిపారు. లాం చలపతి ఫార్మసీ కళాశాలలో ఇస్టాండ్-ఇండియా అమరావతి రీజనల్ చాప్టర్, ఫార్మసీ ప్రాక్టీస్ విభాగం సంయుక్తంగా నిర్వహించిన కార్యక్రమాలను శుభ్రవారం ప్రారంభించారు. ఈ సందర్భంగా రాజునాయుడు మాట్లాడుతూ కొత్త పరిశోధనలలో సామాన్యులకు తక్కువ ఖర్చుకే వైద్యం అందుతుందని తెలిపారు. ఫార్మకో ఎకనామిక్స్ మంచి భవిష్యత్తు ఉంటుందని అన్నారు. గుంటూరు అంజనే సూపర్ స్పెషాలిటీ వైద్యశాల జనరల్ సర్జన్ డాక్టర్ బాలబా స్ఫర్ మాట్లాడుతూ ఫార్మసీ విద్యార్థులకు కార్యశాలలు ఎంతగానో దోహదపడతాయని అన్నారు. కొత్త ప్రయోగాలకు విద్యార్థులు నాంది పలకాలని కోరారు. గుంటూరు ప్రభుత్వ వైద్యశాల ప్రొఫెసర్ డాక్టర్ ఎన్.వి సుందరాచారి మాట్లాడుతూ వైద్యుడితో పాటు క్లినికల్ ఫార్మసిస్ట్ మూడు దశలలో రోగికి అందుబాటులో ఉంటే వైద్యుడిపై భారం తగ్గుతుందని అన్నారు. చలపతి కళాశాల ప్రిన్సిపాల్ నాదెండ్ల రామారావు మాట్లాడుతూ రెండు రోజులపాటు జరిగే కార్యక్రమంలో విద్యార్థులకు వివిధ అంశాలపై అవగాహన కల్పిస్తామని తెలిపారు. ముఖ్య అతిథులుగా హాజరైన డాక్టర్ డీఎస్ రాజు నాయుడు, డాక్టర్ బాలబాస్ఫర్, డాక్టర్ ఎన్.వి సుందరాచారిలను చలపతి విద్యాసంస్థల చైర్మన్ వై.వి అంజనేయులను సత్కరించారు. కార్యక్రమంలో ఫార్మసీ ప్రాక్టీస్ విభాగాధిపతులు డాక్టర్ ఎన్.వి రామారావు, పర్మిలనిరోజిని, ఇస్టాండ్ అమరావతి చాప్టర్ అధ్యక్షురాలు ఎన్.స్వప్న, అధ్యాపకులు, విద్యార్థులు పాల్గొన్నారు.

అతిథులను సత్కరిస్తున్న వై.వి అంజనేయులు

3. SECOND INTERNATIONAL CONFERENCE ON NEW INSIGHTS OF PHARMACOEPIDEMOLOGY, PHARMACOECONOMICS AND PHARMACOVIGILANCE

17th & 18th September 2019

Chalapathi Institute of Pharmaceutical Sciences, in association with International Society of Pharmacoeconomics and Outcomes Research – Acharya Nagarjuna University (ISPOR – ANU) Student Chapter, All India Council for Technical Education (AICTE), Alumni Association Chalapathi Institute of Pharmaceutical Sciences organized Second International conference on new insights of Pharmacoeconomics, Pharmacoeconomics and Pharmacovigilance on 17th and 18th September 2019. The theme of the conference is “Pragmatic approach for better decision making – Global versus National scenario.

17/09/2019 (First day of the conference)

The conference was inaugurated by Dr. Sabinkar Babulal, Superintendent, Government General Hospital, Guntur, Dr. Rajesh Balakrishnan, Professor, Public Health Sciences, University of Virginia, USA. Dr. Gareth Sim Maw Shin, Department of Pharmacy, Faculty of Medicine, University of Malaya, Malaysia, Dr. S. Planisamy, Department of Pharmacy Practice, International Medical University, Kuala Lumpur, Malaysia, Dr. K.G. Revi Kumar, Director, Kerala Institute of Drug Studies, Trivendrum, Kerala, Dr. Vivekanandan Kalaiselvan, Principal Scientific Officer, PvPI, IPC, Ghaziabad, Uttar Pradesh, Dr. S. B. Uday Shankar, Internal Medicine Specialist, Ahalya Nursing Home, Guntur, Sri. Y. Sujit Kumar, Secretary, Chalapathi Educational Society, Sri.Y.V.Anjaneyulu, President, Chalapathi Educational Society presided over the inaugural function. Prof. Rama Rao Nadendla Principal has given the welcome address. Dr. Sabinkar Babulal enlightened and pointed out the importance of this conference, and he made aware the students regarding benefits of this conference. Dr. Rajesh Balakrishnan had given an inspirational talk about the pharmacist and the pharmacy profession and how a pharmacist can help for the betterment of public health. Dr. Gareth Sim Maw Shin expressed his pleasure for organizing international conference which focuses more on pharmacoeconomics and economics. Dr. S. Palanisamy enlightened the minds of delegates by coating some of his professional experiences related to pharmacy services. Dr. Vivekanandan Kalaiselvan, praised the student delegates who participated in the conference with a great enthusiasm and also the organizers for organizing the conferences with good speakers of professional excellence. Dr. S.B. Uday Shankar briefed about the role of pharmacist in Indian health care scenario.

Five plenary lectures were delivered during the two days of conference by foreign and Indian speakers on the topics related to Pharmacoeconomics, Pharmacoeconomics, Pharmacovigilance and Pharmacogenomics.

Technical sessions:

Plenary Lecture: 01 – Medicinal product Safety Monitoring

Dr. Vivekanandan Kalaiselvan detailed about the safety monitoring process of drugs and medical devices. He explained about the medical device rule 2017 and ADR reporting in India. He discussed different aspects of medical device Adverse event reporting, causality assessment and regulatory actions. He also explained different medical device testing laboratories in India and listed out various

notified medical devices that will come under materiovigilance. He opined that students of Pharm.D and Pharmacy Practice are having a great scope in materiovigilance. Delegates interacted enthusiastically after his session and clarified their doubts regarding pharmacovigilance and materiovigilance.

Plenary Lecture 02 – Evaluation and application of pharmacoeconomics for Pharmacist

Dr. Rajesh Balakrishnan Explained various pharmacoeconomic evaluations like cost effective analysis, cost utility analysis, cost benefit analysis and cost minimization analysis. He explained in detail about various steps involved in conducting a cost effective analysis. He exemplified various case studies of pharmacoeconomic evaluations in an easy and understandable manner. He also explained about current challenges and future directions of pharmacoeconomic research. He interacted with the students after the session and explained how the scenario of pharmacoeconomics is changing day by day and the skills required by the students in order to grab the opportunities.

Plenary lecture: 03 – Adopting Pharmacoeconomics to shape efficient health care system in India

Prof.K.G.Revikumar addressed about the development of Pharmacy education in India and also the development and incorporation of Pharmacoeconomics into the curriculum. He also explained various Pharmacoeconomics methods such as cost effective analysis, cost minimization analysis, cost utility analysis and cost benefit analysis which should be incorporated in curricula and also in practice to make aware the budding pharmacist about the importance of Pharmacoeconomics in health care decision making. He explained the need of application of Pharmacoeconomic principles in Indian health care system to reduce the health expenditure of Indian population.

Plenary Lecture: 04 – Adverse Drug Reactions and Drug interactions – A Potential Threat to life

Dr. S. Palanisamy described the problems faced by the patients and physicians due to the adverse drug reactions and drug interactions. He quoted several examples from various research articles how adverse drug reactions and drug interactions are affecting the patients and increasing health care costs. He also briefed about prescription legibility issues and poly pharmacy and how they adversely affect the health of the patients. He explained the students about opportunities for pharmacy students in various sectors of pharmacy such as academics, industry, hospital and research. In student interaction he answered the questions posed by the students regarding pharmacy education in Malaysia.

18/09/2019 (Second day of the conference)

Plenary Lecture: 05 – Pharmacovigilance, Current and future considerations in regulatory and pharmaceutical industry

Mr.T.Viswanath, Head - safety case Processing, Pharmacovigilance Operations, Novartis, Hyderabad explained the importance of patient data safety and how it will be maintained in pharmacovigilance companies. He explained global and national challenges in patient safety. He also explained about the data privacy and Indian regulation on pharmacovigilance. At the end he briefed various traditional and modern ways of reporting the data.

Plenary Lecture: 06 – Pharmacogenomics

Dr. Gareth Sim Maw Shin discussed about differential drug efficacy in perspective of pharmacogenomics. He discussed how genetic factors will affect the drug response and the need of personalized medicine. He enumerated the need of pharmacogenomics in developing new drugs and its effect on health care costs. He explained the role of genetics in drug addiction and specific genes involving various addictive disorders.

Plenary Lecture: 07 – Scope and future of Pharm.D – A Physician’s perspective in current scenario

Dr. B.S.Uday Shankar enumerated the importance of clinical pharmacist in providing patient care. He explained various skills that a clinical pharmacist should acquire to practice as a clinical pharmacist and to act as liaison between patient and physician. He briefed about the common medication errors made by physician and nurses and how the knowledge of clinical pharmacy will help to avoid those medication errors.

Valedictory of two day international conference sponsored by AICTE was close on heels. The dignitaries graced the occasion were Dr. Gareth Sim Maw Shin, Department of Pharmacy, Faculty of Medicine, University of Malaya, Malaysia, Dr. S. Planisamy, Department of Pharmacy Practice, International Medical University, Kuala Lumpur, Malaysia, Dr. S. B. Uday Shankar, Internal Medicine Specialist, Ahalya Nursing Home, Guntur, Mr.T.Viswanath , Head - safety case Processing, Pharmacovigilance Operations, Novartis, Hyderabad, Sri.Y.V.Anjaneyulu, President, Chalapathi Educational Society and Prof. Rama Rao Nadendla. All the dignitaries urged the participants to be technically sound in the area of Pharmacoeconomics and Pharmacoepidemiology because the pharmacist being circumcentre of physician, patient and nurse in addressing the issues related to medicines. Dr. S.B. Uday shankar opined the patient engagement plays key role in strengthening the healthcare of India. He mentioned patient should actively participate or report any adverse events or outbreak of new or recurrent diseases to Pharmacovigilance centre. This ultimately changes the policies by the involvement of all major stakeholders of health.

Details of Participants:

A total of 300 students, research scholars and faculty were registered for this two days international conference from 2 states and from all over Andhra Pradesh.

95 students presented their papers in poster presentation which were evaluated by external experts and 112 students participated in events like quiz, dancing and singing. Best 04 posters and were selected from each disciplinary and were awarded with Cash prizes of Rs. 3,000, 2,000, 1,000 respectively and winners of 4th prize were awarded with a memento. The delegates excelled in various competitions were awarded with a total cash prize of Rs. 28,000.

PHOTOGRAPHS:

4. A SYMPOSIUM ON PHARMACEUTICAL CARE -2019

19th OCTOBER-2019

We on behalf of ISPOR ANU student chapter in association with Dept. of Pharmacy Practice, Chalapathi Institute of Pharmaceutical Sciences have conducted a “A SYMPOSIUM ON PHARMACEUTICAL CARE” on 19th October 2019 at Chalapathi Institute of Pharmaceutical Sciences, Lam, Guntur.

The program was inaugurated and Message delivered by Dr. G. Prabhakar, Clinical pharmacologist, HCG hospitals, Bangalore and Prof. Nadendla Rama Rao, Principal of Chalapathi institute of pharmaceutical sciences, followed by Guest lecture of Dr. G. prabhakar about Pharmaceutical care and discussion regarding career opportunities for Pharm.D students globally. Guest lecture scheduled from 10.00 AM to 11.00 AM

Guest lecture emphasize mainly on

1. What is pharmaceutical care
2. How to develop a pharmaceutical care plan
3. Role of clinical pharmacist to implement the care plan
4. Advantages of the care plan for better patient outcomes
5. Career opportunities for Doctor of Pharmacy students in India and Abroad

Several competitions conducted on the symposium day like quiz competition, painting competition and Group discussion

→ In quiz competition total of 37 teams (4 Participants/team) from 5 different pharmacy colleges in and around Guntur were actively participated in the competition. The quiz preliminary round has been scheduled from 11:00 AM to 11:45 AM, pre-finals and Finals from 2.00 PM to 3.30 PM

→ 10 teams were screened based on the results of preliminary round which was conducted for duration of 30 minutes.

5 teams were eliminated after 3 rounds,

- 1st round comprising of Current affairs (4 Questions/team)
- 2nd round comprising of Pharma subjects (4 Questions/team)
- 3rd round comprising of Pharmaceutical care (3 Questions/team)

The final 5 teams competed over 3 rounds which are as follows:

4th round is rapid fire (5 questions at once/team)

5th round is it's your turn (3 questions/team) which avails the opportunity for the participant to select the question on their own from the given set of questions.

6th round is Jackpot round in which participants are provided with the buzzer (20 questions).

Painting competition was conducted on the Theme- Emergency management (First aid), random topics were given to the participants on the spot and total number of participants was 20. The event has been scheduled from 11.45 AM to 12.30 PM and followed by Lunch break from 12.30 PM to 1.30 PM.

Group discussion was conducted on the Theme- Reverting system of Medicine in India- Your Notion, it was conducted in two rounds with the total number of participants were 45, there were divided in to three teams after first round in each team 3 member were selected and remaining were eliminated. The second was conducted with 9 participants and out of nine top five were won the prizes.

VALEDICTORY:- Prof. Ramarao Nadendla , Principal, CLPT, Guntur along with **Dr. P. Sarath Kumar**, Assistant civil surgeon, GGH, Guntur has distributed prizes to winners and Appreciated the ISPOR ANU STUDENT CHAPTER TEAM , STAFF , STUDENTS for making grand success of the Symposium-2019.

In Quiz the **1st prize** which is cash prize of RS.3000/- was awarded to **R. Ram Prasad (VI/VI Pharm.D)**, **Sk. Abdul Rehaman (VI/VI Pharm.D)**, **Suresh (IV/VI Pharm.D)**, **Rahul Salmon (IV/IV B. Pharmacy)**.

The **2nd prize** which is cash prize of RS.2000/- was awarded to **M.Dinesh, T.Vamsi (IV/VI Pharm. D)**, **D.V. Harsha, K. Sai Krishna (III/IV B.Pharmacy)**

The **3rd prize** which is cash prize of RS.1000/- was awarded to **B. Srujana, J.Allan Rose, S. Tejaswini, Tanuja (V/VI Pharm.D)**

The **4th prize** which is Files was awarded to **L.Sindhu Madhuri, P. Uma maheshwari, K. Nava Komali, M. Yogitha (IV/VI Pharm-D)**

The **5th price** which is Files was awarded to **K. Bhuvaneshwari, R.Sai Yamini, N.Sindhura, P. Sai prasanna of V/VI Pharm.D, Vignan Pharmacy College.**

In painting the 1st prize was awarded to **Y. Sudharani (V/VI Pharm.D), CLPT**

2nd prize was awarded to **A. Venkatesh, Vignan College of Pharmacy**

3rd prize was awarded to **M. Raja Kumari, Vignan College of Pharmacy**

4th prize was awarded to **N. Keerthi Priya, (III/IV B.Pharmacy), CLPT**

5th prize was awarded to **G. Oohitha, Vijaya College of Pharmacy**

In group discussion the 1st prize was awarded to **K.Naga sri (V/VI Pharm.D)**

2nd prize was awarded to **K. Jyothirmayi , Vignan College of Pharmacy**

3rd prize was awarded to **D. Srividya , Vignan College of Pharmacy**

4th prize was awarded to **B. Jaya Krishna (IV/IV B. Pharmacy)**

5th prize was awarded to **S.J.N. Mohana (V/VI Pharm.D)**

Thank you very much for our dynamic Principal and Management, Staff for excellent Support to made Grand Success.
