“International Conference on the use of National Medicine Policy and Bio-Statistics in Pharmaceutical Sciences”

28th & 29th September, 2016

About College

Pulla Reddy Institute of Pharmacy was established in the year 2007, is approved by AICTE, PCI and is affiliated to JNTUH. The Institute is offering B.Pharmacy, M. Pharmacy and Pharm D courses. It is governed by Gayathri Educational Society. The Society was established in the year 2004 with the motto to provide Quality Education to the economical and geographical underprivileged population. The faculty members are highly qualified, well trained who are always engaged in teaching and research. Active research is going on currently in the fields of Pharmaceutical technology, Pharmacy practice, Pharmacology, Phytochemistry and Pharmaceutical analysis. PRIIP is proud to announce Innovate-16 on 28 & 29th Sep 2016.

About ISPOR Telangana Chapter

It's a great privilege to announce that, Pulla Reddy Institute of Pharmacy, Annaram, Medak (Dist) and St Peters Institute of Pharmaceutical Sciences, Warangal are only two institutes involved in conducting various scientific programs under ISPOR Telangana Chapter. ISPOR is the leading global professional society in pharmaco-economics and outcomes research. Founded in 1995 as an international multidisciplinary professional membership society, the International Society for Pharmacoeconomics and Outcomes Research (ISPOR) advances in the policies, science and practice of pharmacoeconomics and outcomes research. With a 20 year commitment to education, collaboration and leaderships, ISPOR meetings published resources and facilitate discussions have evolved as the leading resources for health economics and outcomes research. ISPOR had about 9,500 individual and student members from 114 countries and over 8,700 affiliate members represent the entire field including research, academia, decision and policy makers, consultants, payers, patient representative groups and others. An ISPOR Regional chapter- is a group affiliate with the international Society for Pharmacoeconomics and Outcomes Research (ISPOR), which promotes the advancement of pharmacoeconomics (health economics) and outcomes research and encourages the efficiency, effectiveness and fairness of health care to improve health.

Scope of the seminar

The theme of the ISPOR India Telangana state chapter is, "International Conference on the use of National Medicine Policy and Bio-Statistics in Pharmaceutical Sciences" is to provide a platform for academic scientists, doctors, industry representatives, health care professionals and students to understand and be aware about the concepts of meta analysis, national medicines policies & smoking cessation programs. Meta analysis is a quantitative, formal, epidemiological study design used to systemically assess the results of previous research to derive conclusions about the research in a statistical approach. The National medicines policy is to promote equitable access to, and rational use of safe, effective and affordable essential drugs of good quality to improve healthy outcomes of the people. The seminar also focus on various smoking cessations programs by developing awareness programs and treatment procedures both in health professionals and smokers.

Call for Abstracts

We would like to invite scientists, scholars and young researchers from industries and academics to participate in the conference. We wish to encourage all participants to present their original research or review during both oral and poster sessions in the entire scope of pharmacy. An abstract with maximum words of 250 words has to be forwarded to pripscinnovate16@gmail.com. The abstract should include title, authors name & affiliation, background, methodology, results, discussion and conclusion.

Important dates
