**Describe your Chapter's accomplishments for 2015 with regard to Scientific and Educational activities.**

**Describe your Chapter's accomplishments for 2015 with regard to Policy-related activities.**

**Describe your Chapter's accomplishments for 2015 with regard to Chapter meetings or conferences.**

**Describe your Chapter's accomplishments for 2015 with regard to membership engagement.**

One presentation before the parliament health committee regarding the accomplishment of establishing pharmacoEconomics and its impact in decreasing the spending of pharmaceuticals relative to health expenditure in Jordan for the last 10 years.

Only one formal meeting, others were through email. Participated in many local conferences (international0 in which there were scientific sessions for business in pharmacy (pharmacoEconomics and pharmaceutical marketing), this was the first time in Jordan.

Unfortunately; only 2-3 members were active, others are participants in general activities in which ISPOR Jordan is part of.

## Regional Chapter Annual Report - 2015

**Is your Chapter affiliated with any institutions, universities, government or associations (other than ISPOR)? If yes, please list and describe the nature of these affiliations(s).**

## Regional Chapter Annual Report - 2015

**Student %**

**Other %**

**What benefits does your Chapter offers to its members?**

**What are the most significant achievements of your Chapter in 2015?**

**What are the greatest challenges facing your Chapter?**

**How does your Chapter fulfill ISPOR's mission to promote health economics and outcomes research excellence to improve decision making for health globally? Describe how it supports the development and promotion of the discipline of health economics and outcomes research in your region.**

**How can the ISPOR organization as a whole (Staff, Board, Consortia, Networks, etc.) better support your Chapter?**

**Please indicate who prepared this report, include title, phone, email.**

increasing awareness about PEs, training sessions, push to participate in ISPOR international meetings and congresses

ISPOR 20th annual congress participation from Jordan was around 15 people for the first time (usually 1 or 2)

Not all members contribute, almost president and general secretary do the whole job

in all aspects: training, increasing awareness, changing study plans for pharmacy and medical schools to have modules for PES. Participation in governmental committees for formulary decision making

To have our Middle East North Africa Value in Health Regional Issue starting - Financial support for members to participate in ISPOR meetings and congresses including short courses - Ask multinational pharmaceutical companies to be involved and be part of our chapter: they come when they need something from the governmental body and leave when they finish.
