What benefits does your Chapter offers to its members?

Education and training in HEOR, translated ISPOR books and reports, entice members to publish in Value in Health Regional Issues, CEE Newsletter, support for publications in international journals, participation in research projects.

What are the most significant achievements of your Chapter in 2015?

September 2015 3rd Serbian International congress provided opportunities for specialized training and education in HEOR and Market access custom to the CEE Region and hands on practice in local setting, which reinforced our leadership in the country.

What are the greatest challenges facing your Chapter?

Establishing connections and trust with policy makers, due to potential lack of HEOR capacity.

How does your Chapter fulfill ISPOR's mission to promote health economics and outcomes research excellence to improve decision making for health globally? Describe how it supports the development and promotion of the discipline of health economics and outcomes research in your region.

We collaborate with all regional chapters on unified strategic level to cater to CEE audience and their needs, which can be regionally transferred (e.g. 3rd ISPOR Serbia congress provided insight from top KOLs from the region and invaluable training). Also, we provided training in Egypt and Israel on relevant subject matters. We also have members on CEE region publication, education and research committees. In addition to, we have outside CEE chapter representatives residing on ISPOR Serbia chapter scientific committee.

How can the ISPOR organization as a whole (Staff, Board, Consortia, Networks, etc.) better support your Chapter?

Through Consortia, we will be able to have biennial meeting in CEE region, which will help with further exchange on CEE level per pertinent subject matter. In addition to, assisting with annual visit/lecture from the ISPOR BOD representative for better interaction with global experts.

Please indicate who prepared this report, include title, phone, email.
