# Regional Chapter members	70
# Full ISPOR members	
Collect membership dues or fees from individuals?	Yes
Annual dues?	EUR 30
Chapter benefits	Based on Constitution, member has rights and duties- • regularly and conscientiously fulfills the obligations arising from membership in the Society, • to elect and be elected to the bodies of the Society, Every member has the right to be informed about the work of the Society and its organs, the right to present and highlight the membership in public performances, the right of representation at international conferences. A member is entitled to an equal footing with other members to participate in achieving the objectives, as well as the duty to actively pursuing these goals.
Chapter's accomplishments in 2016 with regard to membership recruitment, retention, and engagement	In addition to training, various meetings and a Congress that was organized, the Chapter has organized on a regular, monthly basis, meetings in order to respond to the members' needs. Thus, during the last year we discussed the issues such as drug pricing, managed-entry agreements, MCDA EQ5D and so on. That increased visibility of Society and has resulted in higher interest for all Chapter activities during the whole year.
Chapter's accomplishments in 2016 with regard to education and training	A one-day training program, intermediate level - "New perspectives on pharmaceutical economics and policies" Prof. Rok Hren, ISPOR Slovenia. - Pharmaceutical Chamber of Serbia, on 27 February 2016. One week course, "Creating pharmacoeconomic applications for the introduction of a new drug on the list of drugs" in cooperation with the Association MedRat, University of Kragujevac, 10-16. April 2016

3 challenges the Chapter is facing at the start of 2017

Forthcoming elections could slow down proposed healthcare reforms.

1

2

Health Insurance Reform could postpone any activity related to the HTA institutionalization. That could lead to the lowering interest of pharma industry, medical equipment industry for any planned activity related to training.
