activities in 2017 at ISPOR 19th Annual European Congress.

Chapter's accomplishments in 2016 with regard to education and training

We planned to prepare the Turkish translation of the ISPOR Therapeutic and Diagnostic Device Outcomes Research Book. We defined a time plan to prepare this Turkish edition and we were targeting to have it ready before the ISPOR 19th ISPOR European Congress. As part of the study, we wanted to prepare a glossary of terms as excel file (which will be available on ISPOR website). The task force to work on this activity was also established. However, due the decision of ISPOR to review its publication policy and translation processes of ISPOR books we are asked to hold on with the translations while ISPOR is evaluating the overall book publishing procedures. Response still awaited.

Chapter's accomplishments in 2016 with regard to research

"Perception Survey on Health Technology Assessment in Turkey: Does Practice Meet with regulations" was conducted and poster was presented at ISPOR 19th Annual European Congress.

Chapter's accomplishments in 2016 with regard to policy-related activities

"Perception Survey on Health Technology Assessment in Turkey: Does Practice Meet with regulations" was conducted and poster was presented at ISPOR 19th Annual European Congress.

Chapter's accomplishments with regard to Chapter meetings, workshops, or conferences

Pricing workshop planned to take place in September 2016 with academic partnership. The main 3 areas decided to be sustainability of reference pricing system, availability of infrastructure for a new pricing and mode and new model proposals. The workshop was postponed to 2017 due to the coup attempt in Turkey in July 2016.

Chapter's main goals for 2017

No

Translation of new ISPOR books is planned. Terminology working group will start to work on the basic glossary and then the HEOR terminology book will be updated accordingly throughout the year. Pricing workshop will be organized to discuss ideal pricing system. Workshop on alternative reimbursement models will be conducted to discuss the current practice, risks and opportunities.

3 challenges the Chapter is facing at the start of 2017

1

Having no budget allocated for chapter activities.

2

Chapter members to volunteer for the planned activities.

3
