## Page 2: Report Summary

### Q4 Committee Goals Established For The Year (Summarize each project with bullet points that break down the task)

#### Student Member Interest Survey:

- Revise the Student Member Interest Survey to improve readability, logic, and reduce response time.
- Summarize preliminary findings to submit an abstract to ISPOR annual international meeting
- Disseminate findings at ISPOR annual international meeting

#### Student Member Benefits Survey

- Determine appropriate survey items in conjunction with ISPOR staff.
  - Launch new survey (Student Member Benefits Survey) to better identify which benefits of paid ISPOR student membership are most useful
-

**Q5 Achievements of Goals & Deliverables Executed During 2017-2018** (Note: This will be used for a blurb in the last issue of the Student Newsletter before the new Committees take over.)

**Student Member Interest Survey**

This survey (conducted annually) was revised to improve readability, incorporate better use of skip logic, and reduce response time. The survey was conducted between November 2017 and February 2018 and collected information about student interests from both paid and unpaid ISPOR student members. The findings from this survey have been accepted for poster presentation at the ISPOR Annual International Meeting in Baltimore.

**Student Member Benefits Survey**

This is a new survey conceptualized by the current committee this year. The survey is currently in development and awaiting feedback from ISPOR staff prior to launch. It is anticipated that the survey should be launched in May 2018.

**Q6 Committee Members' Roles** (Do you break down the projects to have specific members of the Committee work on them? Separate roles by hitting Enter for another line)

David Rhys Axon – chair, sub-committee for Student Interest Survey

Kaustuv Bhattacharya – member, sub-committee for Student Interest Survey

Gulsim Adilgozhina – member, sub-committee for Student Interest Survey

Ruixuan Jiang – chair, sub-committee for Student Member Benefits Survey

Gediwon Milky – member, sub-committee for Student Member Benefits Survey

---

**Q7 Timeline For Any Open/Ongoing Projects**

Dissemination of Student Interest Survey results at ISPOR Annual International Meeting in Baltimore (May 2018)

Anticipated launch of Student Member Benefits Survey (May 2018)

Will work with new, incoming committee to analyze data and prepare for next iteration of survey (May 2018)

---

**Q8 Biggest Challenges during the year?** (Note: This will be used as part of a blurb for the Student Newsletter)

Finding a good time for everyone to work together; we had members from all over the globe. Thus, we would need to ask for at least one group member to meet either very early or very late in their day.

---

**Q9 Solutions/Suggestions For Overcoming Challenges** (Note: This will be used as part of a blurb for the Student Newsletter)

We were able to record the meetings for members, which was useful to members who were able or unable to attend alike. The co-chair leading the particular meeting sent out brief minutes and action items to all committee members and other relevant stakeholders (Student network chair, ISPOR staff)

---

**Q10** Recommendations for Future Committee Members (Note: This will be used as part of a blurb for the Student Newsletter)

Begin work as soon as the ISPOR Annual Meeting is completed. The committee may develop many ideas to work on initially, but this quickly becomes unrealistic. Work within the committee to narrow down ideas and identify the one or two projects you want to pursue this year. Then, focus on developing realistic action plans for these projects by creating sub-committees, project goals, and timelines. Divide and conquer the work for greatest efficiency!
