ISPOR Europe 2019 Student & New Professional Reflections:
By: ISPOR Staff

Thank you to everyone who made ISPOR Europe 2019 a major success. On behalf of the ISPOR staff we appreciate and recognize the efforts of the Student Meeting Planning Committee, Student Network Chair Aakash Gandhi, Student Network Advisor Zeba Khan, Faculty Advisor Council Chair Khalid Kamal, Faculty Advisor Council Chair-Elect Sandipan Bhattacharjee, and New Professional Steering Committee Chair Elisabeth Oehrlein. In addition we were pleased to provide 10 deserving students with the ISPOR Student Travel Grant to support their participation.

At ISPOR Europe we were fortunate to welcome over 400 Students and over 400 New Professionals from 56 different countries making this the highest combined attendance for these two key stakeholder groups! For those of you who were not able to attend we hope you will peruse the descriptions of each of the events that took place and the great photos. As we prepare for 2020, we are excited to continue the momentum we have built in 2019. Wishing you all a Happy Holiday season!

| **Booth Event: ISPOR Career Center - Maximize Your Online Experience** | Nov 4  | 13:00-14:00   | ISPOR Booth       |
| The ISPOR Career Center was revamped early in 2019 and this booth    |        |               |                   |
| event sought to educate students and employers about the numerous   |        |               |                   |
| features that are at their disposal. The ISPOR Staff raffled off an  |        |               |                   |
| iPad to students who uploaded their resume to the career center as  |        |               |                   |
| part of their career center profile. ISPOR also provided employers   |        |               |                   |
| with a 20% off voucher to use for a posting on the career center.    |        |               |                   |

| **New Professional Event – Career Advice Across the Globe**          | Nov 4  | 14:30-15:30   | Auditorium 10     |
| This was the third time ISPOR has hosted the Career Advice Across    |        |               |                   |
| the Globe event at an ISPOR Europe Conference with the theme this    |        |               |                   |
| time being "Unfortunately This Content Is Unavailable in Your       |        |               |                   |
| Region – What Is The Impact of General Data Protection Regulation    |        |               |                   |
| (GDPR) on the HEOR Community". We thank New Professional Steering    |        |               |                   |
| Committee Chair Elisabeth Oehrlein for coming up with the topic and  |        |               |                   |
| aiding ISPOR staff in finding presenters. There is a plan to make    |        |               |                   |
| the content presented available in webinar format sometime in early  |        |               |                   |
| 2020 so if you missed this informative session stay tuned!           |        |               |                   |

| **Student & Faculty Networking Reception**                           | Nov 4  | 19:30-21:00   | The Terrace       |
| All students and faculty who attended the conference were            |        |               |                   |
| welcomed to attend the reception. ISPOR distributed prizes         |        |               |                   |
| including complimentary memberships, short course registration,     |        |               |                   |
| and conference registrations! We had a record 150+ students and     |        |               |                   |
| faculty join us so they could network with their peers in a         |        |               |                   |
| relaxed environment. Thank you to everyone who joined us!           |        |               |                   |
### Student & Faculty Luncheon

The Student & Faculty Luncheon, which is open to only chapter leaders, was highly successful and well attended. The event featured updates from Faculty Advisor Council Chair Khalid Kama and Chair Elect Sandipan Bhattacharjee followed by student updates from Student Network Chair Aakash Gandhi. After the updates a group discussion was held to address the topic of how to engage students and faculty in the Student Network (eg, Collaborations, Students in different disciplines, Students or Faculty from areas where HEOR is still developing, etc.) The output from the discussion will be published on the Student Chapter Resource Center in a similar manner to prior group discussions from previous ISPOR conferences. At the conclusion of the group discussion, Jim Murray of the Institutional Council provided an update on how students can become involved in the next stages of the Competency Assessment Framework.

### Booth Event: Tips and Advice for New HEOR Professionals: Elisabeth Oehrlein

ISPOR New Professional Steering Committee Chair Elisabeth Oehrlein was joined at the ISPOR booth by fellow Steering Committee member Blythe Adamson to provide New Professionals with an opportunity to learn more about their membership. During the event many attendees had questions about what some of the member benefits were, how can they become involved, and several photos were snapped in front of the ISPOR Map Selfie Wall! To learn more about New Professional membership email newprofessionals@ispor.org.

### Booth Event: Are you a New ISPOR Member? Learn How to Get Involved

Jason A. Cohen, MPP of the ISPOR staff was at the ISPOR booth to discuss the various questions that new members have about how they can engage within the Society now that they are new members. Some of the many topics covered included:

- How to get involved with the Student Network, Global Network, and/or Special interest Groups
- How to access and update your ISPOR member profile
- How to update your communication preferences
- How to access the ISPOR Presentations Database
- How to access Good Practice Reports
- How to access member only resources by logging into your profile

### Booth Event: Explore Ways to Engage with the ISPOR Student Network: Aakash Gandhi

ISPOR Student Network Chair Aakash Gandhi was available at the ISPOR booth to discuss opportunities to engage with the Student Network. This included an overview of what the Student Network is, an overview of the Leadership, Committees, Regional Leads, and how to form a chapter if one does not exist at the University.

ISPOR Student Newsletter

November 2019, Vol. 11, Issue 1 | 5
ISPOR STUDENT NETWORK COMMITTEE UPDATE
Meeting Planning Committee

- The Meeting Planning Committee members are (L to R):
  - Vasco Pontinha (Virginia Commonwealth University, Co-chair), Chintal Shah (University of Maryland, Baltimore, Co-chair), Alvaro San-Juan-Rodriguez (University of Pittsburgh), Raj Desai (University of Florida), Aishwarya Kulkarni (Duquesne University), Olha Brezden (Danylo Halytsky Lviv National Medical University), Soham Yande (University of Houston), Ishfaq Rashid (NIPER Mohali University), Monika Salkar (University of Mississippi), Nikema T. Peterson (Florida A&M University)

- Reached out to the presenters at the student research showcase, and requested short introductions of themselves, as well as their research. This was shared on various social media platforms where the goal was to promote the event as well as the participant’s research
Meeting Planning Committee

- Designed flyers for both the Latin America and the European ISPOR conferences where we highlighted the main events at ISPOR (from a student perspective), as well as provided some useful travel information with regards to the city the conference was in.

- Organized the informal student hangouts at these conferences, to provide students with an opportunity to network with other students, in an informal setting after hours.

STUDENT CHAPTER UPDATES

NORTH AMERICA
Many students in our chapter were interested in exploring differences in Infectious vs Chronic Disease Modelling.

This interest would be explored as an event in the future.

Post-doctoral students shared their journey of professional development in health economics and outcomes research area.
Duquesne University Bite Size learning seminar series

- Introduction to Health Outcome Research in a healthcare setting and applying it, in order to improve treatment results
- Role of Health Outcome Research in identifying disparities among different populations and guiding clinicians on improved healthcare decision making
- Career prospects of pharmacists in the field of Health Outcome Research and market access for Graduate students and Pharm.D. students
Career roundtables: How Health Economics applies to you!

- Health economics and outcomes research plays an important role in many areas of pharmacy

- Research is needed in several areas, such as adverse medication events

- There are many post graduate training opportunities where HEOR is applied including fellowships, a PhD, or a residency
Educational Webinars

In 2018, the Food and Drug Administration released a new framework to advance the use of real-world evidence to support development of pharmaceutical and biological products. This framework is a roadmap for incorporating more real-world evidence, with the goal of developing a path to ensure real world evidence is part of regulatory in drug development. This framework can hugely impact pharma and biopharma manufacturers’ drug development plans. It also can change the current real-world evidence approaches for generating evidence on safety and effectiveness. We plan to conduct webinars on it.

Breathe Deep Morgantown

WVU-ISPOR student chapter tried to raise awareness about lung cancer by volunteering in this Breathe Deep Morgantown event.
University of Mississippi ISPOR and AMCP Chapter
Joint Event
Speakers: Allison Balducci, Anthony Deleon

- A very informative and interactive session wherein the Pharm.D. and graduate students got an opportunity to learn about the career experiences of Dr. Balducci and Dr. Deleon.

- The speakers provided great insights on how students can explore alternative career paths in the pharmaceutical industry and the potential skills required for a progressive career in the industry.
Chapter presentation at UMB Fall Fest

- ISPOR UMB student chapter participated in UMB’s annual Fall Fest to present the chapter to the greater UMB community and talk about HEOR and ISPOR activities.

- The chapter members were excited to chat with future healthcare professionals and faculty members who are new to HEOR.

- The chapter had lot of new members signing up and a lot more students/faculty/staff from various disciplines such as pharmacy, medicine, nursing, social work and dentistry interested to learn about the HEOR field in general.
Meet and Greet

- More than 20 students participated in the meet and greet event that includes both Pharm.D. and PhD students
- The event was a joint collaboration between the ISPOR, ISPE, AMCP student organizations at the University of Illinois at Chicago, College of Pharmacy
- The event was organized to help students learn from a top leader from a multinational pharmaceutical company
- Several questions were raised by the participants ranging from clinical practice, transition to industry and long-term career goals
Webinar: Use of different clinical trials throughout drug life cycle

- Dr Zhang provided a brief overview of the basics of epidemiology, the use of different clinical trials throughout the drug life cycle, and the risk management plan for a drug. She also discussed in detail the use of Electronic Health Records (EHR) for Real World Evidence studies in a pharmaceutical industry.

- Most of the junior students joined this activity. They showed great interests in using EHR in pharmacoepidemiology realm.
Internship Experience

Dandan Zheng

“I had an exciting opportunity to do a 13-week internship at the Global Health Economics, Amgen Inc. in the past summer. I completed a project about large claims database analysis independently and learnt a new programming skill. By attending their meetings, getting involved in several projects, and talking with people from different functions, I learnt how HEOR is applied in industry and how I can prepare myself better for this role. I also had a lot of fun with other interns in various intern activities held by Amgen!”

Gediwon Milky

“During the summer of 2019, I had the opportunity to join Intuitive Inc. as a HEOR intern. The internship allowed me to participate in an independent research project utilizing a large healthcare claims database. Besides my project, I enjoyed interacting with cross-functional teams, attending several lunch and learn presentation series with senior leaders, and other internship activities. The internship was a rewarding experience in my personal and career development that will definitely help me in the future.”
Service learning events (Kroger Pharmacy, Walgreens Pharmacy)

- Kroger pharmacy - As part of ISPOR, every week
  Mercer pharmacy interns participated in blood pressure screenings for patients

- Mercer ISPOR has provided students over 80 hours of direct patient education

- Walgreen Flu Clinic - Mercer ISPOR collaborated with Walgreen’s pharmacy to offer flu vaccination to patients in different parts of Atlanta

- ISPOR pharmacy interns have received over 50 hours of immunization services and vaccinated about 1000 patients
STUDENT CHAPTER UPDATES

EUROPE, MIDDLE EAST, AFRICA (EMEA)
**Workshop on Social Network Analysis**

**Speaker:** Dr. Daan Westra

- Introduced the concept of networks in healthcare, and explained the theory and methods of Social Network Analysis
- The participants filled in a small survey before the workshop on the relationships with the other participants
- The group recognized that visualizing and analyzing networks can be helpful in healthcare decisions, as it creates a dialogue between stakeholders (mainly clinical audiences) about healthcare organization structures
- Group discussed that it could be beneficial for assessing technology innovation’s and spread of innovation
KING’S COLLEGE LONDON
ENGLAND

KHE workshop: Qualitative research methods for health economics
Speaker: Carina Bektur

- Provided an overview of qualitative research methods application to HEOR. As an example, she presented results of her qualitative study aimed at preference elicitation and understanding the decision-making process of service users.
- King’s Health Economics workshops takes place every month and is open to all members.

Journal Club
Led By: Dr Barbara Barrett, Senior Lecturer and Deputy Director, King’s College London

- Dr Barbara Barrett discussed the paper written by (Lova, et.al. 2019) on social sciences research on HTA. She lead a discussion on the benefits of interdisciplinary collaboration.
- Journal Club takes place every month at King’s Health Economics and open to all members of ISPOR Student Chapter at King’s College London.

Follow ISPOR Student Network
ISPOR University of Ibadan Student Chapter Kickoff Event

- Ipigbemi Aduke gave an interesting talk on Pharmacoeconomics Evaluation: An Important aspect of Health Outcomes at the Faculty of Pharmacy University of Ibadan.

- Also a webinar session anchored by Chiwendu Amagba, Jason Cohen and Aakash Gandhi created awareness about ISPOR
Follow ISPOR Student Network

4th International Forum on Drug Safety and Policy 2019 and Establishment conference of ISPOR NorthWest China Chapter

Speakers: Yu Fang, Chapter President; Naveel Atif, Chapter Vice President: Pengchao Li

- An empirical study on payment of high-priced drugs
- The role of Pharmacoeconomics in strengthening the linkage between healthcare, health insurance and associated policy-making
- Pharmacoeconomics research in chronic diseases management
- The framework of health value assessment and its applications
Induction Program

Key learnings:

- The students were explained about the activities, educational meetings, and benefits of the ISPOR society
- ISPOR chapter T-shirt was also launched by the office bearers of the society on the same day

World Pharmacist Day 2019

- A brief note was made on the safe and effective use of medicines
- Ways of improving medication adherence through pharmaceutical care were offered
- Discussion about responsibilities of a pharmacist in patient care

“The day is celebrated with an objective to create awareness about the role of a pharmacist in improving health and it highlights the importance of medicine experts in one’s life” – [Athira S], [M. Pharm student, Pharmacy Practice]

Guest lecture on “Importance of clinical pharmacist in hospitals for improving patient health”

Guest speaker: Hassan Mubarak Al Balushi

- The speaker spoke about the clinical pharmacy services and role of a clinical pharmacist in his country
- Ward round participation of clinical pharmacist and their role to provide information on clinical aspects of patients was also discussed
Conference on Health Economics and Health Outcomes Research

Speaker: Mr. Hansoo Kim

- The event was organized with the ISPOR Health Economics Outcomes Research for the benefits of students and the society
- Case study related PE and S3V vascular stents were presented

“World Blood Donor Day Prospecting Event”

- About 40 units of blood was donated by in association with Department of blood bank of Narayana Medical College and Hospital.
- A lecture was provided on the blood grouping, importance of blood donation and precautions to be taken while transfusing blood
In this lecture, Dr. Gupta:

- Explained what the first response should be in case of an cardiac emergency
- Elaborately demonstrated how to give CPR. Used an automated CPR machine that gives pre-recorded instructions
- Used demonstration as well as videos to educate the students on how to give CPR

**Scientific writing workshop**

**Speakers:** Dr Bharti Chogtu Magazine, Deputy Director – Research (Health Sciences), Manipal Academy of Higher Education

- Narrated importance of scientific writing specifically, manuscripts
- Highlighted the importance of identifying appropriate title for the manuscript, correct keywords, and different between structured and unstructured abstract
- Explained IMRAD (Introduction, Methods, Results and Discussion) format in detail to the audience
ACHARYA NAGARJUNA UNIVERSITY
INDIA

Symposium on Pharmaceutical Care
Organizer: Prof. Rama Rao Nadendla and Naga Swathi Sree Kavuri

- Conducted a symposium on pharmaceutical care

- Organized the guest lecture by Dr. Prabhakar, Clinical pharmacologist

- Dr. Prabhakar explained aspects of Pharmaceutical Care Plan, role of clinical pharmacist to develop the care plan and various career opportunities for Pharm.D students in India and abroad
AMITY UNIVERSITY
INDIA

Great Innovation Challenge 2K19

ISPOR AUMP Student Chapter’s Secretary was awarded title of “Best Campus Ambassador” at GIC 2k19 organized by Institution Innovation cell (an MHRD, Govt. of India) initiative

Guest lecture on ‘Application and Evaluation of Pharacoeconomics for Pharmacist’

Speakers: Dr. Balakrishnan, Dr. Nagappa

- Safe and effective use of medicines.
- Ethics of Pharmacists

Follow ISPOR Student Network
World Patient Safety Day
President – Rehab Arora

This workshop discussed:

- Objective was to emphasize on patient safety in various healthcare settings and during the course of therapy

- Guest lecture by Dr. GD Gupta (Principal cum director ISFCP) emphasized on how different formulations of drugs should be administered to patients in various diseased states and patient condition

- Open Panel discussion between Mr. Amit Sharma (HOD Department of Pharmacy Practice, ISFCP) and students was held regarding patient safety in various situations and clinical emergencies
Kerala Relief Fund Donation
Event Coordinator: Ms. Achsah Mathew, Graduate Student

- All students of Poona College of Pharmacy were approached to donate towards the Relief Fund for people affected by the Kerala Funds
- Essentials like OTC medicines, baby diapers, sanitary napkins, cotton bandages etc. were purchased and the items were sent to flood victims

Session on Emergency Medicine
Event Coordinator: Ms. Achsah Mathew, Graduate Student

- The ISPOR-BVDU Student Chapter-2018 organized a session on emergency medicine
- Dr. Utsav Mani and Dr. Mohit Jhaveri from the emergency department were invited to conduct the session
- Dr. Utsav explained various emergency situations and the steps to be taken in such situations
- Dr. Mohit demonstrated the correct way to perform Cardiopulmonary Resuscitation (CPR)
CHAPTER ACTIVITY GRANT UPDATES
A One-day Workshop on Top 10 HEOR Trends 2019
Speakers:
Dr. Richard Willke, chief science officer of ISPOR, the leading global professional society for health economics and outcomes research
Jason Cohen, Manager, Member Services - Students & New Professionals

- In this workshop, students learned more than 10 valuable recommendations for the improvement of HEOR related systems in Iran
- The event was a great success with a lot of positive feedbacks reflected in public media
A One-day Workshop on Student Chapter Prospecting Event

Speakers: Dr. Michael Drummond, Professor of Health Economics, Centre for Health Economics University of York, Heslington, York, England, UK
RECENT ISPOR WEBINARS

The ISPOR student Network Education Committee and staff work to put together webinars during the school year that touch upon various topics of interest for those who are studying HEOR. If you missed any of the below webinars, or wish to repurpose any of them, as a student chapter event, please peruse the link provided here to find all webinars that have been conducted. The archives are organized by topic for your convenience. In addition to Student Webinars, the ISPOR Education Department also puts together Scientific Educational Webinars that you can access!

Access Student Educational Webinar archives: https://www.ispor.org/member-groups/students/webinars
