CHAPTER 4: CHAPTER OPERATIONS & PROCEDURES

Maintaining your ISPOR Student Chapter's Active Status

Important Information:

- A minimum of 3 Student Chapter Officers must hold active memberships with ISPOR;
- The Faculty Advisor must hold an active membership with ISPOR;
- The Chapter must provide an annual report to the Board of Directors on a yearly basis to maintain active status. The report should demonstrate continued conformance with criteria.

Note: Two or more years of not completing an Annual Report or failure to comply with the first two bullets will leave your chapter to be deemed inactive.

ISPOR Adopt-A-Chapter Mentor/Mentee Program Overview

- **Mentee Eligibility**
A new ISPOR chapter, an inactive ISPOR chapter, or an existing ISPOR chapter that needs help can request to be a mentee in the ISPOR Adopt-A-Chapter MENTOR/MENTEE Program.
- **Mentor Eligibility**
An existing ISPOR chapter that (1) is active and (2) has significant engagement/participation in the past can **volunteer** to be a mentor in the ISPOR Adopt-A-Chapter MENTOR/MENTEE Program.
- **Matching rule**
A mentor and a mentee will be matched primarily based on the topic interest of mentee chapter. Other factors will also be taken into consideration (e.g. geographic location, mentor/mentee preference).
- **Mentor/Mentee communication**
It is recommended that the mentor/mentee pairs communicate once a month. However, the actual communication frequency should be decided by each mentor/mentee pair based on their need and availability.

- **Discussion topics**

Below is a list of potential topics that a mentor/mentee pair could discuss. It is by no means an exhaustive list and the actual topics should be dependent on mentee chapter needs and mentor's chapter experience.

- Education/Workshop plans
- Social activities/events
- Annual Report
- Fundraising plans
- Recruitment plans

- **Other requirements**

A communication timeline should be submitted to ISPOR student network by each mentor/mentee pair before the start of each semester specifying their plan of communication. A verification form should be submitted to ISPOR student network by each mentor/mentee pair at the end of each semester describing when they met and what topics were discussed.

Note: If your chapter wishes to participate in the Adopt-A-Chapter Mentor/Mentee Program you can contact studentnetwork@ispor.org. We collect interest in the Fall Semester but can add new chapters provided there is a mentor available.

Submit Student Chapter Annual Report

No later than January 31st annually (see appendix)

- This is mandatory to maintain good standing with the organization. Chapters who do not submit an Annual Report for more than two consecutive years will be deemed inactive and removed from the active list of chapters.
- Consider keeping a living document to collect information for the annual report and be sure to contact the Outgoing Chapter President from the prior year since they will have a lot of the information needed for you to complete;
- A suggestion is to write up all relevant information at the end of each semester or after each event

Note: Chapters that become inactive, because they do not meet the requirements, can be reinstated if they can reform the chapter with new student leadership and a new Faculty Advisor who are active members. This will be done through the submission of a [Reinstatement Application](#);

Conduct Chapter Meetings & Events

- Meeting regularly (at least monthly) is important to ensure chapters stay engaged and productive
- Consider having officer meetings sometime before general chapter meetings
- Schedule and distribute meeting information and agendas in advance
- Organize meeting and allows members to anticipate what topics will be discussed
- Use a planning calendar and set-up events before the semester starts – the summer is a great time to start setting up events
- Put events in an electronic calendar to be shared with chapter members

Types of Student Events

Schedule a variety of events (**see case studies in Chapter 7 of the [Student Leader Handbook](#)**)

- Type of events to consider planning: service activities (philanthropy), educational sessions, socials, etc... Some examples of each are:
 - Service: participate in a fundraising walks, charity fundraisers, food drives, soup kitchens, etc...
 - Education: CV/resume clinic, Mentor-Mentee student pairs, guest speakers, educational seminars, journal club, etc...
- Take photos to share in the Student Newsletter and on social media platforms

Succession Planning Tips

Managing Leadership Transition

ISPOR Student Chapter Officers and Directors are elected every year. Having effective leadership succession plan in place allows the Chapter to:

- Prepare for the departure of current leadership by having the Vice President/President Elect shadow the current President towards the final months of his/her term
- Identify future potential leaders
- Secure for smooth transition of leadership
- Ensure leadership continuity
- Prevent disruption to Chapter organization and development

Leadership transition plan should include:

- Timeline of leadership succession process.
- Communication plan with members.
- Delegation of duties, roles, and responsibilities within the key Chapter leadership.
- Definition of potential candidate that will help to identify talent from the region.
- Opportunity for exchange of knowledge and experience between the outgoing and new leadership.
- Be sure to submit your [Chapter Leader Update Form](#) anytime there is a change in your chapter's leadership. This includes a change to student leaders or faculty.

Emergency Succession Plan

A vacancy in the office of the President is filled by the President-elect. If both vacate, the Board elects the President to complete the term, and the members elect the incoming President as well as the President-elect at the next election. A vacancy in any other office resulting from death, disability, or resignation is

filled on a pro tem basis by a Chapter member appointed by the President with the approval of the Board. Successor Board members will serve until the expiration of the term of their predecessors.

Encourage Faculty Advisor & Student Collaboration Across Chapters

- Leverage the communication lists for both students/faculty to enhance communication between presidents and also committees (i.e. google spreadsheet of [chapter presidents & committee members](#), [FAC Directory](#));
- Keep the Faculty Advisor (FA) in the loop about upcoming activities to help promote through channels (i.e. email list of all students in the program and/or email to other professors to distribute to their students);
- Join other chapters' meetings through the use of technology like Skype, Google Hangouts, Web Conferencing technology, etc.;
- Increase awareness of ISPOR resources (i.e. FAC database on website so FA's can connect with other FA's, the [Student Council Roster](#), and the [Chapter President Resource Center](#));
- Organizing common events and communicating with other chapters that are nearby so they are aware;
- Formation of a regional liaison position and quarterly teleconferences to connect Chapter Presidents within a region (Latin America, Europe, Asia Pacific, Africa). This will provide feedback from those who are not able to attend teleconferences due to time zone. Regional liaison will report to SN Chair & ISPOR Staff and participate on the monthly teleconference to keep everyone up to date.

Recruiting Students From Other Disciplines

- Identify common interests of various programs within your institution. (i.e. MPH, PharmD, PhD);
- Attend events from other student organizations on campus and recruit them to an ISPOR event;
- Work with your Faculty Advisor to identify key professors in those programs and ask him/her to invite them to a meeting to discuss how to work together;
- Create promotional flyers tailored to the various disciplines;
- Work with consultancy or ISPOR Sponsors to get real world experience opportunities;
- Organized drinks to invite individuals from other programs;
- Collaborate with another student organization on campus (i.e. AMCP, DIA, ISPE, IHEA, EuHea, ASCO, SMDM);
- Show how Health Economics can explain other areas (Epi studies, vaccination, etc.);
- Hosting bake sales or information sessions during beginning of the year to invite all students;
- Speak with other communities within your University like a general PhD network.

Improve Student & Faculty Advisor Communication

- Invite faculty to planning sessions one (1) each year or once each semester;
- Communicate information received from Faculty Advisor (FA) to students in Chapter and vice-versa;
- Schedule a once per month skype or teleconference between FA & Chapter President;
- Increase awareness of ISPOR resources (i.e. The [FAC database](#) on the website so FA's can connect with other FA's, the [Student Council Roster](#), and the [Chapter President Resource Center](#));
- Invite FA to Chapter President Teleconferences or the Virtual Retreat (optional to attend based on schedule) & make FA aware of archived teleconferences for educational purposes.

Identify Speakers For Chapter Events Or Webinars

- Social Media – (Search for most active individuals on LinkedIn, Facebook, Twitter for topics that are HEOR related);
- Networking with your Faculty members to help identify speakers that are prominent in your alumni network or at other Universities;
- See who is speaking for other chapters or at other Conferences;
- Contact the ISPOR staff and ask if they can provide some recommendations on speakers based on the topic you want to focus on;
- Identify topics of interest and then search for individuals that have expertise in those areas;
- Join the ISPOR LinkedIn Group and see who is active in the group;
- Send out an email to all professors in the program through the Faculty Advisor to solicit for potential parties interested in speaking for the Chapter;
- Invite speakers to do virtual presentations for your chapter through identifying Skype or another webcasting technology that your University offers. (You may also ask ISPOR to set up a Webex for the presentation provided we can promote it to all ISPOR Students.)
- Search for topics of interest on YouTube, TED, or other social media outlets to identify thought leaders and view the presentations they give to ensure they are a quality presenter.

Tips to Encourage Further Engagement of Students and Faculty in the Student Network

- Add Faculty Advisor Regional Leads, like the Student Regional Leads, for broader discussion between Faculty;
- Suggest the Student Chapter add a second Faculty member to help during times of additional need. This could be an advisor from outside the University who has experience in another discipline for added perspectives;
- Build student awareness of the existing ISPOR resources and engagement opportunities:
 - ie, Archived Webinars, Special Interest Groups, Regional Chapters, Student Committees/ Working Groups, Student Newsletter, Good Practice Reports, Dymaxium's FormularyDecisions.com;
- Ask Faculty to assist in the planning and implementation of events:
 - Organize mini HEOR symposia on campus and invite students from relevant disciplines (undergrad, masters, phd, pharmd) so they can learn about HEOR;
 - Present for the Student Chapter on HEOR related topics and/or invite guest lecturers outside academia;
 - Invite successful alumni back to the University to present about their ISPOR experiences and what they are doing now that they have graduated.
- Cross country collaborations on events:
 - Collaborate with another chapter that is near your University or with another society that has a chapter at your University (ie ISPE, AMCP, Academy Health, DIA);
 - ISPOR can create a platform where chapters can share what events they are working on. This would include timelines, type of event, topics, etc and will allow chapters to easily see what other chapters are organizing so they might be able to collaborate with them (if they are considering a similar event) or build off the event in their own chapter.
- Implement a Chapter Awards Program to complement the Student Network Awards Program at the local level:
 - Recognize student and faculty participation within the chapter and for attending events (ie, certificates for Officers to thank them for their service, certificate of attendance certified by the chapter and the University that the individual attended an event on a particular topic);
- Create a monthly or bimonthly chapter newsletter so it can be shared with faculty and students to keep both sides engaged about what is happening at the chapter level;
- Plan a Women's day to recognize the Women in HEOR from the University or invite famous women alumna back to speak to the chapter;
- Focus on the social/networking aspect of ISPOR in addition to the educational components to encourage more variety in events;
- "Social media takeover" where the students can promote HEOR and their chapter using their University's twitter or social media handles;
- Target undergraduates from broader degrees (ie. Pharmacology and biomed).
